She came back to find out her bad boy was in serious trouble.

She still wanted him though and proclaimed her love for him. He could be facing serious jail time for charges that he swears are false. She can notice he's different, angrier than before.

Everyone in town feels he's guilty though, is he telling her the truth or not?

He wants her but is worried that she will simply run away again from him. After all she did it just a while ago, why is now different? He is angry from what he felt was her betrayal before.

Can she find out the truth of whether he's guilty or innocent? Will their life in this town work together?

She searches for the truth of what happened that night. As she finds out that the people she grew up around are judgmental and think he's guilty without a trial.

What is the best thing to do? She is unsure and tries to figure out whether her love for him is real.
