Celine and the Bear: A BBW Bear-Shifter Romance (Shifting Impulse Book 2) Aurora Woodlove
Shifting Impulse, or SI as the regulars call it, is a club and one of the few places in the world where shifters are destined to meet their fated mates. Before they were born, their souls set a date and a place for them to meet. Humans call these meetings coincidences and think they are random. Some humans believe in coincidences and others don't. The same goes for shifters. They have heard of fated mates, but sometimes even they find it hard to believe they exist.

After an awful day and several lost rounds of darts at SI, Ryan Ford, Adam's twin, bumps into his fated mate, Celine. Here's the catch, Ryan's not in the best of places. He's struggling to get his bear under control and keep his life and business afloat.

Ryan doesn't believe in his mother's concept of fated mates, meaning someone you're supposed to meet because their presence stirs up everything you want to hide under the carpet and pretend doesn't exist. She even thought this person appears into your life when you least expect it and heals some of the hurt you carry inside. Cute story, but not Ryan's type.

Being the bold, commanding yet curious Alpha that he is, Ryan uses Celine's birthday as an excuse to talk to her. They both need answers. He can't explain his fascination for her and she is intrigued by the attention this man gives her and the reasons behind his birthday present.

Celine James only wants to live a peaceful life and has been doing just fine on her own. Deciding the hot guy who gets her a present for her birthday is only looking for a one night stand, she gives in thinking one memorable night is enough.

Celine is in for the most adventurous and also most terrifying time of her life as Ryan's bear does more harm than good. Will the man listen to his inner bear?

This is the second book in the Shifting Impulse series and it is a standalone with NO cliffhangers and a "happily ever after". It contains explicit language and sizzling hot scenes that might set your Kindle on fire. Intended for readers 18+.
