Craig's Soil Mechanics, Eighth Edition

Jonathan Knappett, R.F. Craig

Craig's Soil Mechanics, Eighth Edition Jonathan Knappett, R.F. Craig

Now in its eighth edition, this bestselling text continues to blend clarity of explanation with depth of coverage to present students with the fundamental principles of soil mechanics. From the foundations of the subject through to its application in practice, **Craig's Soil Mechanics** provides an indispensable companion to undergraduate courses and beyond.

New to this edition:

- Rewritten throughout in line with Eurocode 7, with reference to other international standards
- Restructured into two major sections dealing with the basic concepts and theories in soil mechanics and the application of these concepts within geotechnical engineering design
- New topics include limit analysis techniques, *in-situ* testing, and foundation systems
- Additional material on seepage, soil stiffness, the critical state concept, and foundation design
- Enhanced pedagogy including a comprehensive glossary, learning outcomes, summaries, and visual examples of real-life engineering equipment

Also new to this edition is an extensive companion website comprising innovative spreadsheet tools for tackling complex problems, digital datasets to accompany worked examples and problems, a password-protected solutions manual for lecturers covering the end-of-chapter problems, weblinks, extended case studies, and more.

From reader reviews:

David Lucero:

Reading a publication tends to be new life style within this era globalization. With reading through you can get a lot of information that will give you benefit in your life. Together with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire their reader with their story or maybe their experience. Not only situation that share in the ebooks. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors these days always try to improve their ability in writing, they also doing some research before they write with their book. One of them is this Craig's Soil Mechanics, Eighth Edition.

Ellen Omalley:

Precisely why? Because this Craig's Soil Mechanics, Eighth Edition is an unordinary book that the inside of the book waiting for you to snap this but latter it will jolt you with the secret the item inside. Reading this book adjacent to it was fantastic author who write the book in such amazing way makes the content inside of easier to understand, entertaining way but still convey the meaning fully. So , it is good for you for not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of rewards than the other book get such as help improving your proficiency and your critical thinking way. So , still want to hold up having that book? If I had been you I will go to the publication store hurriedly.

Debra Davis:

In this period globalization it is important to someone to find information. The information will make a professional understand the condition of the world. The condition of the world makes the information quicker to share. You can find a lot of recommendations to get information example: internet, classifieds, book, and soon. You can observe that now, a lot of publisher that will print many kinds of book. The book that recommended to you personally is Craig's Soil Mechanics, Eighth Edition this reserve consist a lot of the information of the condition of this world now. This kind of book was represented so why is the world has grown up. The terminology styles that writer require to explain it is easy to understand. The actual writer made some research when he makes this book. Honestly, that is why this book ideal all of you.

Victor Loy:

What is your hobby? Have you heard that question when you got college students? We believe that that issue was given by teacher to the students. Many kinds of hobby, Everyone has different hobby. So you know that little person like reading or as examining become their hobby. You need to know that reading is very important in addition to book as to be the factor. Book is important thing to incorporate you knowledge, except your own personal teacher or lecturer. You will find good news or update concerning something by book. Many kinds of books that can you go onto be your object. One of them is niagra Craig's Soil

Mechanics, Eighth Edition.
