**Essential Case Studies in Public Health (Essential Public Health)** Katherine Hunting, Brenda L. Gleason  
Essential Case Studies in Public Health: Putting Public Health into Practice is a unique compilation of twenty-one cases based on real life events and problems. Written by over forty public health faculty members and practitioners, these cases vividly illustrate how professionals across various disciplines tackle public health challenges. Covering a wide range of topics and issues from HPV vaccines as school entry requirements to implementing community-based water systems in rural Honduran communities to a mumps epidemic in Iowa, this text helps students apply a wide range of knowledge and skills relevant to public health outbreak investigation, policy analysis, regulatory decision-making and more. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition.
