## **Industrial Engineering Terminology: Revision, Consolidation and Redesignation of ANSI Z94 Index and ANSI Z94 1-12** American Institute of Industrial Engineers

This revised edition features a wide range of terms and definitions. Each definition is an official standard of the American National Standards Institute (ANSI). The information is arranged into 17 sections, such as biomechanics, cost engineering, computing, distribution and marketing, engineering economy, facility planning, materials processing, applied mathematics and safety. A new section on manufacturing systems has been added to reflect the growing complexity of the manufacturing environment.
