Two Brothers, **Marcel and Mark** were as different twins could possibly be. Marcel was a playboy -- wealthy, aggressive, and charming.

He was known to take what he wanted, when he wanted without giving a damn about who he took things from.

Mark, on the other hand, was a loner, searching endlessly for the significance in a life that appeared to have very little meaning at all. Both came from rich stock, and both harbored a deep secret within their DNA -- The secret of Lycanthropy.

When Sienna first met the twins, things were not going well for her. A recent break-up had destabilized her life, and when she first caught a glance of Mark, she knew there was something special about him. Now, Sienna finds herself dragged into a suspense filled exchange, because Mark has gotten himself into some trouble at the Velvet Dime -- an unreputable whorehouse on the shadier side of town. **Things aren't as they seem though, and the violence that these brothers are capable of is nothing compared to the prophetic message received at the Velvet Dime -- a message which will bring all three lives together, till death do them part.**

WARNING: This eBook contains mature themes and language. Intended for 18+ readers only.
