Best-selling romance author Jenna Hardy, aka Cassandra Hart, sprints through life from one appearance to the next, always on deadline, always in demand, always on the arm of a different beautiful woman. She has no personal life because her entire existence is public, and part of her appeal. She loves the tempo, the power, the thrill until the pace catches up to her and she collapses at a book signing. Her doctor orders rest, her editor wants a three book series yesterday, and her attorney informs her she has just inherited a farm in the backcountry of Vermont. Divine intervention or Fate's little joke? The only thing that might possibly save her from dying of boredom during a summer of forced R&R is a dalliance with Gardner Davis, the local vet. Unfortunately, everything about Jenna's high-profile lifestyle is exactly what Gard wants to leave far, far behind, that and a dark secret that haunts the new life she's made.
