Captain Kaden “Crash” Saunders is charged with leading a dangerous rescue mission to Alpha S, a dangerous planet on the other side of an intergalactic wormhole. Alpha S has been off-limits to the Federated Navy and its ships for years—all because of an eerie evil nemesis who are overly fond of human blood—the Xinthpats. Once the captain and crew find themselves stranded on the surface, they only have The Shadows to trust to keep them safe from the Xinthpats. But in order to have protection, Crash and his crew must pay for it—with their bodies.
