Embracing Autism: Connecting and Communicating with Children in the Autism Spectrum Robert Parish

"The voices here confirm what I've always suspected: everyone is part of one large continuum, and the approaches and insights recounted here can help any parent, any educator, any person deal with any child--or, for that matter, any other person--more effectively and with more compassion. I only wish I'd encountered earlier this cadre of experienced and caring individuals whose humor and resourcefulness represent clearly how best to love and nurture a child."--Cynthia Nitz Ris, J.D., Ph.D., University of Cincinnati"

Through sensitive, sometimes humorous, experienced-based writing from teachers, clinicians, and parent activists in the Autism Spectrum Disorder (ASD) community, this book will help educators and others to better understand the world inhabited by ASD children. The stories contained in the book will inspire and inform readers who are working day-to-day with children in the autism spectrum, providing valuable insights into what makes these kids tick and useful information on how they communicate, learn, and succeed.

Robert Parish (Cincinnati, OH) is an award-winning journalist with four nationally broadcast public TV documentaries about Autism Spectrum Disorders to his credit, as well as more than 100 digital video projects about ASD for the educational market.
