An essential guide to trading trends with ETFs

At any given time, a particular country's market or a particular segment of the market-such as energy or technology-might be booming. "The Ultimate Guide To Trading ETFs" provides a time-tested strategy for using exchange-traded funds (ETFs) to profit from these trending markets and sectors.

By monitoring the performance of ETFs, authors Don Dion and Carolyn Dion show how to capitalize on these fast-moving, ever-changing trends. He then discusses how to stay ahead of the curve by identifying markets and sectors that are gathering momentum and monitoring those markets for signs that the momentum is losing steam. Dion also explains how you can build a balanced portfolio of ETFs and manage your allocations to profit from the shifting trends. Provides advice for both aggressive investors who are willing to utilize leveraged and short market ETFs, as well as more conservative investors who want to limit risk Highlights a wide variety of ETFs currently available to investors Shows how to profit from fast-developing trends across all markets and sectors

The world of ETFs has created many options for individual investors, and "The Ultimate Guide To Trading ETFs" shows you how to make the most of those opportunities.
