Forbidden Secrets of the Labyrinth: The Awakened Ones, the Hidden Destiny of America, and the Day after Tomorrow Mark A Flynn

There is a religious institution whose members are the most devout and serious of any faith on earth. Those who are a part of this institution unquestionably believe in a god that directs their activities and they look to this deity with the ultimate hope of gaining his favor. They, unlike many of the people ascribed to the popular religions of today, have no doubt that their god lives and interacts with them. They see the favor their god bestows upon them. The riches and power gained through their piety actively demonstrates the reality of their god's existence. The precepts of their secretive religion are contra to that of the Judeo-Christian religion that values above all, love for their fellow man. They consider the people outside of their group inferior creatures, unworthy of their god, but necessary for manipulation towards the completion of their final objective. Through devotion, submission to the will of their god, and dedication to his secretive plan, they believe that they will achieve immortality and live in a coming golden age where their god will appear on earth and rule them in a new paradise of his design. Just as the Judeo Christian God gave His followers the Arc of The Covenant, which held great power, the god of the mystery religion has given his followers an object whose existence has been kept secret since the Middle Ages and whose power is beyond comprehension. This object grants absolute hegemony to those who possess it as well as the ability to increase supremacy through war and conquest. Throughout history, when men failed in their discernment of its power, it was transferred to others more worthy. This object still exists and is in the possession of an elite group who will do anything to protect it. This book reveals for the first time its history and the greatest secret of all, where it is hidden today.
