Physics: Principles with Applications, Books a la Carte Plus MasteringPhysics with eText -- Access Card Package (7th Edition) Douglas C. Giancoli

Books a la Carte are unbound, three-hole-punch versions of the textbook. This lower cost option is easy to transport and comes with same access code or media that would be packaged with the bound book.

Elegant, engaging, exacting, and concise, Giancoli's Physics: Principles with Applications with MasteringPhysics[®], Seventh Edition, helps students view the world through eyes that know physics.

Giancoli's text is a trusted classic, known for its elegant writing, clear presentation, and quality of content. Starting with concrete observations and experiences students can relate to, the text then moves on to the great generalizations of physics. This approach demonstrates why we believe what we believe and reflects the way science is practiced.

Written with the goal of giving students a thorough understanding of all of the basic concepts of physics, the text uses interesting applications to biology, medicine, architecture, and digital technology to show students how useful physics is in their own everyday lives and in their future professions.

This package consists of:

- Books a la Carte for Physics: Principles with Applications, Seventh Edition
- Access Code Card for MasteringPhysics with Pearson eText for Physics: Principles with Applications, Seventh Edition
