Architectures of Justice: Legal Theory and the Idea of Institutional Design (Applied Legal Philosophy)

Henrik Palmer Olsen, Stuart Toddington

Law can be seen to consist not only of rules and decisions, but also of a framework of institutions providing a structure that forms the conditions of its workable existence and acceptance. In this book Olsen and Toddington conduct a philosophical exploration and critique of these conditions: what they are and how they shape our understanding of what constitutes a legal system and the role of justice within it.
