It should be the goal of any artist to emulate the great artists that came before them. We should realize that no one is an island, and our work, no matter how creative and beautiful, is the product of a lifetime of influences. The greatest artists in history, including the greats of the Renaissance, such as Leonardo, Michelangelo, and others, took in the art of the time and the art of their predecessors, added to it and expanded it, put their own spin on things, and in turn created great art that benefited from this influence. We can do the same. You, too, can follow in their footsteps. With the help of this book, you will learn from the masters as if you are apprenticing with them. Learn the basics of oil painting, copy the master's paintings, and eventually you will finish their unfinished works, and then paint your own masterpiece. You will learn the stories of great Renaissance artists such as Leonardo, Michelangelo, Raphael, Botticelli and Titian. You will learn how to paint like them by studying step by step how to copy their works, which will give you the skills and confidence of a master of painting.
