Poison Fruit: Agent of Hel Jacqueline Carey

And that hot-as-Hel series with the “Sookie Stackhouse type of vibe” (*Paranormal Horizon*) is back—but this time the paranormal Midwestern town of Pemkowitz is feeling a frost in the air and the residents are frozen in fear....

The Pemkowitz Visitors Bureau has always promoted paranormal tourism—even if it has downplayed the risks (hobgoblins are unpredictable). It helps that the town is presided over by Daisy Johanssen, who as Hel’s liaison is authorized by the Norse goddess of the dead to keep Pemkowitz under control. Normally, that’s easier to do in the winter, when bracing temperatures keep folks indoors.

But a new predator is on the prowl, and this one thrives on nightmares. Daisy is on her trail and working intimately with her partner and sometime lover from the Pemkowitz PD, sexy yet unavailable werewolf Cody Fairfax. But even as the creature is racking up innocent victims, a greater danger looms on Pemkowitz’s horizon.

As a result of a recent ghost uprising, an unknown adversary—represented by a hell-spawn lawyer with fiery powers of persuasion—has instigated a lawsuit against the town. If Pemkowitz loses, Hel’s sovereignty will be jeopardized, and the fate of the eldritch community will be at stake. The only one who can prevent it is Daisy—but she’s going to have to confront her own worst nightmare to do it.
