## **The Realm of You** Amanda Richardson

When Marlin Winters awakens in an alternate universe, living in Vermont and engaged to a man she doesn't recognize, she's determined to figure out why she's here and what sequence of events lead her to this moment. Over the course of one day, she begins to piece together the last week of her real life. What's more, when the day is over, she doesn't want to leave. Though she avoids it, sleep eventually comes, and the life she yearns for disappears forever. The next day, Marlin wakes up in a hospital bed. It becomes abundantly clear that her wonderful life in Vermont was all a dream. Intent on regaining the happiness she felt, she decides to uproot her life and begin volunteering at a psychiatric hospital in the same town as the one in her dream. What she doesn't expect is for both lives to come crashing together in a strange twist of fate. The Realm of You is a dark contemporary romance about discovering your second chance. Sometimes the mind works in mysterious ways, and in Marlin's case, it gives her a glimpse of what could have been. Once she gets a taste, she'll do anything to make it a reality. \*Please note that this book deals with heavy situations such as self-harm and suicide, therefore it may be a trigger for some people. Though I'd consider this a contemporary romance, it's on the dark side of the spectrum, so as a result, this book is not suitable for anyone under the age of 18.
