## Matemáticas Antes de Dormir (Bedtime Math) (Spanish Edition) Laura Overdeck

Nuestra misión: que las matemáticas sean una parte divertida en la vida de los niños. Leer cuentos a los niños antes de dormir es maravilloso, pero ¿qué pasa con las matemáticas? Mucha gente no se siente cómoda con las matemáticas y los números, y con frecuencia oímos el "¡Es que no se me dan bien!". Esta actitud se ha ido pasando de padres a hijos durante décadas, y ahora, en nuestra cultura, se piensa que las matemáticas son difíciles, intimidantes y nada divertidas.

Matemáticas antes de dormir quiere cambiar eso. Dentro de este libro hay problemas de matemáticas divertidos y entretenidos que entusiasmarán a los niños y se pueden resolver en familia. Con más de 100 problemas y temas que van desde los jalapeños a los submarinos, desde las montañas rusas a los flamencos, este libro no se parece en nada a un libro de texto. Sus tres niveles de dificultad (Niños chiquitos, Niños medianos y Niños grandes) ofrecen algo para todos. Hagamos que a los niños les fascinen las matemáticas y cambiemos el mundo, con un problema de Matemáticas a la hora de dormir de cada vez.
