My Spirit Lover: First Contact Atkin Michaels

A very real, very raw and very intimate personal journal kept over the first 90 day period to record my personal experiences after making a spontaneous contact with a sexual spirit; which is known by many as a "Succubus," or sex demon. This journal reflects on how my initial thoughts about and reaction to this contact from a being from another dimension changed from that of shock, fright and confusion. To finally move to a place of acceptance and understanding; which has spurred on spiritual growth within me. This book documents the bond and the relationship that was formed with this sexual spirit in the months following that first spontaneous contact. I have also included some helpful advice, links and a few of the rituals that I used to bond and develop a closer connection with this sexual spirit. This journal and my story may be of help for those that are experiencing something similar in their own lives. It may also be of help for others that may be curious about, or entertaining the idea of having a relationship of their own with one of these sexual spirits. The inspiration for writing this book was given to me by this sexual spirit and she has had a guiding hand in the entire process from the beginning to the end.

Please consider yourself forewarned that by merely entertaining the idea of these sexual spirits existence and by the very act of reading the words contained within the pages of this powerful book, may lead to your own spontaneous and possibly unwanted contact with one of these sexual spirits.

I hope that you enjoy this very real account and story of one regular man's experience with a sexual spirit from the other side.

My spiritual journey and this story continues.

In Universal Peace, Love & Bliss
