Our Father's World: Mobilizing the Church to Care for Creation Edward R. Brown

Environmentalists have pleaded with Christian leaders to take up the challenge of caring for the environment. How should Christians respond to the environmental crisis? What does the Bible have to say about creation care and the responsibility of Christians? Edward Brown offers a biblical framework for creation care as well as practical steps that ordinary Christians can take to exercise good ecological stewardship. As a pioneering leader of the evangelical creation care movement, Brown provides a new model for "environmental missions," in which Christian organizations respond to ecological crises in ways that transform both the people and the land that sustains them. This book is filled with ideas that students, churches, mission agencies and all concerned Christians can implement at home and around the world.
