## **5 Minute History: First World War in the Air** Norman Ferguson

World War I is often thought of as just being a land war with men entrenched across the Western Front, but this "war to end all wars" was won as much at sea and in the air, as it was on land. This accessible guide takes readers through the birth of the Royal Flying Corps and discusses how all the major fighting powers of the war took to the skies, whether to spy on each other or to take the war to the enemy through Zeppelin attacks and bombing raids.
