DOG TRAINING

The Ultimate Step By Step Guide to Training Your Dog to be Happy, Well Behaved, and Do Cool Tricks

This book is written with the best interests of dogs in mind. I believe it is time to go beyond training dogs and start teaching them how to please us. Assuming that dogs are capable of reasoning and simple problem solving, I feel dogs need not be trained as if they were merely simple stimulus-response mice. The teaching methods presented in this book encourage and cultivate dogs' cognitive abilities. I believe dogs learn by trial and error. As a result, the dogs do not fear disappointment and are trained to exercise alternatives in a quest for the desired behavior. The concept that "wrong is wonderful" when training dogs is fresh to the domain of competitive dog trainers. This book provides teaching approaches that will lead to producing many top obedience performers in many breeds. They will exhibit confident, alert, accurate, enthusiastic style in the obedience ring. Their minds will be stimulated while their egos will be left intact. They will be happy to be doing what they understand.

Here is a preview of what you'll learn:

- Obedience Training and Puppy Tricks.
- Get your Dog Respect your Yard.
- Give The Dog the Guidance It needs.
- And much more.
