**Landscape And Memory** Simon Schama  
One of Time Magazine's Best Books of the Year

In **Landscape and Memory** Schama ranges over continents and centuries to reveal the psychic claims that human beings have made on nature. He tells of the Nazi cult of the primeval German forest; the play of Christian and pagan myth in Bernini's Fountain of the Four Rivers; and the duel between a monumental sculptor and a feminist gadfly on the slopes of Mount Rushmore. The result is a triumphant work of history, naturalism, mythology, and art.

"A work of great ambition and enormous intellectual scope...consistently provocative and revealing."--New York Times

"Extraordinary...a summary cannot convey the riches of this book. It will absorb, instruct, and fascinate."--New York Review of Books
