In the fifth book, Scaredy Squirrel plans his own birthday and surprise!... things get very crowded.

Scaredy Squirrel is planning his own birthday party for one - but despite his detailed plans, things get out of control when the party animals arrive.

He's back! Scaredy Squirrel, the loveable worrywart, returns for another nutty adventure. Scaredy never plans big birthday parties. He'd rather celebrate alone quietly in the safety of his nut tree and avoid those pesky party animals (ants, clownfish, ponies and Bigfoot). When all his excessive plans are thrown up in the air like confetti, will Scaredy play dead and cancel? Or will he face the music?
