It wasn't enough to overcome a crazed King's brutality, a kidnapping from a Kastin warrior and an attack from an army of beasts. Now Emmy has to fight through another battle to survive. This time, the lives of her friends are on the line, and her leverage is nothing more than a lie. She has five days to come up with a plan or they will all die. Despite the challenges, Emmy is determined to get everyone out of this alive. The problem is, this is far from over. Lorne and Aspen are trapped and will do anything to escape, but they have no idea what they are about to unlock to gain their freedom. Looming on the horizon, a battle is brewing that nobody suspects and it may prove to be the most dangerous yet. Friends will become enemies and alliances will be tested. Through it all, Lorne has found what he wants. The warrior wants the girl and he will battle whatever forces come against him to get to her. Will it be enough in the end to keep either of them alive? This is not a stand-alone book. It is the second and final book in The Descendants Duology. The first book can be found on Amazon.com or by contacting the author.
