Monsters of Texas

Ken Gerhard, Nick Redfern

Monsters of Texas Ken Gerhard, Nick Redfern

Texas - or the Lone Star State, as it is affectionately and widely known - is the second largest U.S. state in both area and population, and contains both colorful and majestic landscapes that range from desert to plains, and forest to wild canyons. But that is not all: all across Texas there lurks a wide array of monsters, mysterious beasts and diabolical creatures that science tells us do not exist - but that a significant percentage of the good folk of Texas certainly know otherwise.
