This book contains two short stories. The first story teaches children how to interrupt politely. The second story teaches children basic manners in a variety of situations that occur in every child's day.

Each story is presented with delightful illustrations featuring a child who navigates a world that is sometimes confusing or intimidating. As he learns new social and coping skills, he gains a better understanding of how to react to or behave in specific situations.

A perfect addition to the book is the section of comprehension questions at the end of each story. This ingenious idea reinforces learning and helps the reader thoroughly understand what's expected. This book also has a track record of success in helping children with autism and those with social delays.
