The Wake of the Dragon: A Steampunk Adventure

Jaq D. Hawkins

The Wake of the Dragon: A Steampunk Adventure Jaq D. Hawkins

No sane airshipman will fly near a storm, but the cover of storm edge offers effective concealment for airship pirates who can strike quickly from above before anyone knows a ship is near. With the protection of Aide, the goddess of air travel, one airship defies the elements to seek fortune for the rag tag aerialists who make up the pirate crew.

The elements are the least of their problems when they find themselves saddled with an airsick clerk, a crewmember suspected of working for the East India Company and a love-sick farm girl whose headstrong misconceptions compel her to seek adventure where no decent woman would wander unescorted.

Battling businessmen, mechanoids, and villagers armed with torches and pitchforks, Captain Bonny must decide who to trust, and if the only rational course of action is one of apparent madness.
