Witches and Wolves don't mix...or do they?

Alpha wolf, Jace, and his omega, Riley are part of an Alpha triad. They have spent years searching for the woman to complete their union without success. Leaving it in Fate's hands, they move their pack to a new territory. Reilly goes to the city to ask the council for permission to claim the surrounding forest while Jace moves into a new neighborhood to await the councils decision. They never dreamed that he would find their mate living right next door.

Curvy witch, Bethany, has been fantasizing about the alpha next door since he moved in three months ago. Too shy to do anything about the attraction, and never believing fate would pair her with two sexy wolves, she is content to watch from afar until fate steps in to lend a hand. Passions soar and hearts unite beneath the Autumn Moon.

Warning: This novella is intended for readers over the age of 18.
