England's Hidden Reverse Coil, Current 93, Nurse With Wound (French Edition) David Keenan

Basée sur des interviews exclusives et un accès sans précédent aux archives personnelles des trois groupes, voici la première biographie de référence consacrée à Coil, Current 93 et Nurse With Wound. Basée sur des centaines d'heures d'interviews avec les membres des groupes, ainsi qu'avec des contemporains, amis et associés, EHR met en lumière une scène anglaise underground obscure, dont l'œuvre met l'accent sur les particularismes du caractère anglais au travers de liens et affinités tissés avec les générations précédentes de marginaux et outsiders britanniques. EHR nous transporte de la Threshold House originelle des deux membres de Coil, John Balance et Peter « Sleazy » Christopherson, basée à Chiswick, à l'ancienne école pour garçons dans laquelle ils se sont plus tard installés, située à Weston-super-Mare, en passant par la bergerie de Steven Stapleton, de Nurse With Wound, et son environnement consacré à l'art visionnaire à Cooiloorta dans le sud de l'Irlande, et nous fait atterrir sur le toit d'une maison de Muswell Hill, où David Tibet, de Current 93, eut la vision d'un Oui-Oui crucifié dans le ciel. De là, le livre plonge dans le passé et accélère le temps : témoignages oculaires des premiers concerts de Whitehouse, formation de Throbbing Gristle et naissance de la musique industrielle, derniers instants de la vie du peintre visionnaire Charles Sims, évocation d'Angus MacLise, ex-membre du Velvet Underground, présentant son poème Year comme une Œuvre de magie élémentaire, et visions de l'Angleterre éternelle par Shirley Collins, AE Housman et Denton Welch. La première édition, épuisée depuis longtemps, atteignant des sommes considérables chez les collectionneurs, cette édition augmentée très attendue a totalement été revue : elle comprend deux nouveaux chapitres, un résumé final de la manière dont Reverse a changé de vitesse depuis sa première publication et un chapitre zéro intitulé Le crime en appelle à la nuit, dans lequel Keenan présente un argument audacieux nous lançant sur les traces de l'énergie transgressive qui anime la culture industrielle, depuis l'art rupestre paléolithique jusqu'à la musique noise contemporaine, en passant par le rock'n'roll et le punk rock.
