Tide Tables 2000, West Coast of North and South America: Including the Hawaiian Islands and the Alaskan Supplement (Tide Tables West Coast of North and South America) National Oceanic and Atmospheric Administration

International Marine produces the classic, official NOAA tide tables. Must-have navigational tools, these are exact replicas of the official government data, which are no longer published by the government. The 2000 tables provide the most comprehensive and accurate tidal predictions available. Times and depths of low water and high water are given for all locations in each region. Approved by the U.S. Coast Guard for use aboard commercial vessels.
