Learning German can be a lot of fun, but focusing only on grammar and word formation patterns is an almost guaranteed path to frustration. Children all over the world are able to learn the most complex languages intuitively simply by listening and repeating. This book is an invitation to this more natural approach to language learning. While there are of course significant differences between the way adults and infants learn, everyone can benefit from the following materials, whether to brush up on former studies or as a first step in dealing with authentic materials.
