The View from the Ground Martha Gellhorn

First published in 1959 but now offered in a revised and expanded edition, *The View from the Ground* presents over six decades of Gellhorn's ruminations on political, civil, and social issues and crises, from a lynching in the American South in the 1930s through a recent visit to Cuba to see what is new and what remains the same in a country that is still off limits to most Americans. Gellhorn's ability to get to the truth of a situation makes her writing transcend the short shelf life of most reportage.
