Lex's Melody, Leigh's debut novel, is set in the Northern Ireland city of Belfast, and is the first in the 'Belfast Bound' series, following the stories of 5 friends and their adventures in love, romance, and BDSM. Alex Matthews is a tall, handsome dominant. He exists on the thrill that having a woman submit to him creates. He doesn't date, he doesn't commit. He works hard as an architect by day, and demands control over his submissives in his downtime. Melody Anderson is a 26 year college student who is about to change all that. When her best friend Jonny suggests that she try a dating website, Mel has no idea where it will lead. Alex finds her profile compelling, and on their first meeting in the oldest bar in Belfast makes the suggestion that she should submit to him. Enthralled by where this could lead, Mel agrees, and the pair find themselves bound together in submission and dominance. Alex soon finds that with Mel, his previous vice of submission only, isn't enough, and he yearns to make their relationship more, but a dark shadow from Alex's past looms menacingly on the horizon. Will Alex overcome his fears from the past and find a future with Mel, or will it all end in tragedy? Contains graphic sexual scenes including those with BDSM overtones. Also contains graphic language, and therefore is not suitable for under 18's.
