**We Told You So: Comics As Art** Tom Spurgeon, Michael Dean

**This is an oral history of Fantagraphics, the iconoclastic independent comic book publisher who reshaped the medium so that cartoonists such as Daniel Clowes, Chris Ware, Joe Sacco, and many more could thrive.**

In 1976, a group of young men and women coalesced around a fledgling magazine and the idea that comics could be art. In 2016, comics intended for an adult readership are reviewed favorably in the New York Times, enjoy panels devoted to them at Book Expo America, and sell in bookstores comparable to prose efforts of similar weight and intent.

*Comics As Art: We Told You So* tells of Fantagraphics Books' key role in helping build and shape an art movement around a discredited, ignored and fading expression of Americana the way insiders share the saga with one another: in anecdotal form, in the words of the people who lived it and saw it happen. Comics historian and critic Tom Spurgeon and longtime *Comics Journal* editor Michael Dean assemble an all-star cast of industry figures, critics, cartoonists, art objects, curios, and groundbreaking publications to bring you a detailed account of Fantagraphics' first 40 years.

*Comics as Art* is a detailed catalog of the look of a cultural awakening. It's a story that includes appearances by Chris Ware, Art Spiegelman, Harlan Ellison, Jim Shooter, Stan Lee, Dan Clowes, Frank Miller, Peter Bagge, Jaime Hernandez, Gilbert Hernandez, Dave Sim, Steve Geppi, Todd McFarlane and every other major figure in the arts or business end of modern comics. More than a corporate history or a fond look back, *Comics As Art: We Told You So* makes the warts-and-all case for Fantagraphics Books' position near the heart of the modern reclamation of the comics art form.

Prose with photos and illustrations throughout
